22 Re-transmitted with compliments

23 A sketch showing the plot of ground referred to in this correspondence prepared by the Municipal Engineer is enclosed The portion marked A C D B on the plan is the proposed road But as an Asvathakatte comes in the middle of the road, it may be diverted to E C D F , which would give approach to the buildings of essrs Salar Khan and Parappa Access to Mr Salar Khan's house may also be given from the foot-path, via, X Y Z by his putting up slabs over the drain

24 The entire area, though within Municipal limits, is a survey number under the Revenue Department and it is possible to convert this area into 2 big sites as shown in blue in the sketch The cost of the formation of the road by covering the channel will be about Rs 6,000/- and that of filling the pond will be about Rs 2,000 and about Rs 4,000/- may be realised by the sale of the 2 sites

OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE

Dated Bangalore 14th August 1928

FROM

P G D
REVENUE COMMISSIONER IN MYSORE

89/2

To

Rc 231-28.

The Chief Secretary to the Government
of His Highness the Maharaja of Mysore
Bangalore

In forwarding herewith this Office file No DI Dis 4/Pet 24-25 re the application of Mr Salarkhan, Cloth Merchant Bangalore for a portion of S.No 56 of Sampigehalli village Bangalore Taluk, for purposes of a road to his bungalow in S No 57 of the same village, I have the honour to state as follows -

2 It is seen from the file that on the darkhast of Mr Salarkhan the then Deputy Commissioner, Bangalore, in 1913-14 granted S No 56 of Sampigehalli village, Kasba Hobli Bangalore taluk, to the darkhastdi but on appeal by one Sampangi Rama Setti, the then Revenue Commissioner in his order in appeal case No 1/14-15 on the file of this office ordered that only a portion of the land should be given to him and that the other portion containing a well, Brindavan, Aswatha trees and Nagara stones should be reserved for the use of the public Accordingly 8 guntas of land were placed in possession of Mr Salarkhan for building purposes on payment of an upset price of R 40/- and a speci fine of R 500 per acre

3 In 1922-23, Mr Salarkhan applied to the Deputy Commissioner, for a portion of the S No 56 for constructing an approach road to S No 57 where he intended to construct a bungalow but the then Deputy Commissioner (Mr B Venkoba Rao) inspected the spot on 16th August 1923 and considered that Mr Salarkhan's application was virtually an app against the Revenue Commissioner's order in Appeal I/14-15 and

and rejected the application in 1924, the applicant presented petition to the Dewan, but he was asked to approach the Revenue Commissioner in the first instance Accordingly, he presented petition to the Revenue Commissioner in 1924 He represented therein that he owned a bungalow in S No 55 of the village in which bungalow some European Officers lived, that some people had put up sheds in the adjacent assessed waste S No 56 and had rendered the locality insanitary, that S No 57 of the village was in his holding and that he wanted to construct a bungalow on it and prayed that a portion of S No 56 may be granted to him for making an approach road from the Public road to his bungalow in S No 57 The Deputy Commissioner (Mr B Venkoba Rao) reported in his letter No H C 678/23-24 dated 20th/22nd April 1924 that S No 58 which was a thope was ascertained to be reserved in accordance with Revenue Commissioner's order in appeal case 1/14-15, that during his inspection of the locality he asked the appellant to take an approach road from the side road so as to leave the old platform of the Aswathakatte undisturbed with sufficient space all round, but that he was not willing to do so and that therefore he was unable to recommend reconsideration of the order in Appeal case No 1/14-15 As Mr Salarkhan represented that the devotees had no objection to the grant the Deputy Commissioner was requested to issue notice to the applicant as also to the opponents, if any, hear them and furnish his opinion The Deputy Commissioner recorded evidence and was of opinion that the matter was one likely to raise communal feeling and that the status quo should not be disturbed The Deputy Commissioner was thereupon informed that in case Mr Salarkhan agreed to take an approach road from the side road as advised by the Deputy Commissioner (Mr Venkoba Rao), the Municipality may be consulted and action taken accordingly

4 As during my inspection of the locality, I found that S No 58 which is shown as a charitable tope in the accounts and which contained some Aswatha trees, Nagara stones, Brindavan and a well was not at all

properly maintained and that some persons had begun to use the land unauthorisedly I requested the Deputy Commissioner to inspect the spot and report whether it was necessary to keep it as it is or to dispose it of in the interests of Government revenue The Deputy Commissioner in his letter No B 2 3219/27-28 dated 15th April 1928 reported after spot inspection, that things may be left as they are

5 Meanwhile, some persons professing to be interested in the Brindavan had begun to erect a wall round the Brindavan Mr Salar Khan having also complained that the construction of the wall would affect him as it would shut off the bungalow, he was erecting in S No 57 and also interfere with his privacy, I gave notice to both parties and inspected the spot on the 8th July 1928 in the presence of the Amildar and the Sub Division Officer and all interested parties who formed a large multitude A site plan of the locality showing the lands owned by Mr Salarkhan, the portions granted to Mr Salarkhan as per this office order in appeal case 1/14-15 and the portion reserved and the situation of the Nagara stones etc is enclosed

6 The land is in a most prominent part in the City and when the new road to the Lal Bagh connecting Langford Road directly with the Lal Bagh is opened, it will still more rise in value It is desirable to make arrangements to see that this land is properly used and maintained in a manner so as not to be a blot in the locality As it is there are some old huts on the land and it is impossible to ascertain with whose permission they were built One Mr Parappa has built a bungalow in S No 58 and though he has no right to go to his house through S No 56, he has unauthorisedly made a road for himself as shown in the map Similarly Mr Salarkahn wants access to his house in S No 57 from this side It i

true that as suggested by Mr Venkoba Rao, he can take a road to this house on the Left, but it will add considerably to the value of his property to have road in front The main objection to open any road here is from the people interested in the Brindavan but it will be possible to lay out the whole area so as to provide proper access without interfering with the Brindavan As regards the well, mantaps and other lands it is very difficult at present to trace the original claimants and Government would be justified in taking over the entire land The persons interested in the Brindavan are prepared to spend a certain amount and erect a wall etc , so as to give this portion of the land a fairly attractive appearance

7 My suggestions for the disposal of the land are -

1) to give the area up to the road in the map between the area marked yellow and the channel to the persons interested in the Brindavan on condition of their maintaining it in a manner suitable to the environment

2) to cut a road by the side of the halla cost to be paid by the persons to be benefited, so as to give access both to Mr Parasop 's and Mr Salarkhar's buildings Mr Salarkhar may have to construct a culvert but if he wants access in this direction he has to bear the cost

3) to fill up the well as it serves no purpose now utilize the materials in the well and make the proceeds available for any charitable objects connected if possible with the Brindavan

4) to lay out the rest of the portion either as a garden or give out for building purposes, a suitable grant being made for the maintenance of the Brindavan

5) the matter may be entrusted to the Municipal Council to work out the details or a small Committee appointed

Owing to the existence of the Brindavan, any measures that we may take may excite a great amount of communal opposition but if the situation is properly handled, the matter can be settled so as to prevent this place from being an eyesore in this rapidly expanding extension

A petition received from Mr Sampangi Rama Setty and others on the same subject is enclosed

I have the honour to be

Sir,

Your most obedient servant,

H Thomas for 16/8/28

B A N G A L O R E

30th April 1929

TO:-

The 1st: Member of Council,
Mysore Government,
BANGALORE

Sir,

I beg to state that your honour and the Municipal President have inspected the Kalyani in front of my dwelling house No 4-A Lal Bagh Road on 23-4-1929 at 9 A M It is apparent that this kalyani and the unauthoriz mud roofed houses adjoining this kalyani, as well as the storm water drain close to the said house from the Sampigehalli Tank, are a source of nuisance both to myself and the public During the rains, this kalyani gets water, stagnates and is a source of malaria If the present main road leading to this house is sold to me for an upset pric of Rs:3000/- I shall fill up this kalyani, which will cost about Rs:4000/- as mud has to be carted from a long distan

If this request is conceded to me, I have no objection to Mr: Salor Khan getting the vacant site in front of his house

I beg to remain,
Sir,
Your most obedient servant,

4-A Lal Bagh Road,
BANGALORE CITY
